3. Samsung Pay Developer Portal.....	5
4. Merchant Mobile App Integration	11

1. Scope

Acquirers: Masreq, NI, FAB, ADCB

Pre-requisite: Acquirer has enabled Samsung Pay for the merchant.

Cardholder journey

samsung pay
Get Started

- 

1 Activate
Download it from Google Play Store and sign in with your Samsung account or create one.
- 

2 Secure your Samsung Pay
Scan your fingerprint or iris and create a pin to authenticate your future purchases.
- 

3 Add your cards
Scan or tag your card and provide your signature when prompted.
- 

4 Use Samsung Pay
Head over to your favourite store and see how easy it is to make a payment

2. PayTabs configuration

Generate CSR from PayTabs Merchant Dashboard developer's page - [certs](#)

- a. Click on + under Pending Samsung Pay Requests

- b. Click on Add for the next prompt "Are you sure you want to create certificate request?"

c. Successful CSR generation will be returned with option to Download CSR for uploading into the Samsung developer account.

Home / Developers / Certificate Management / View Certificate Request
